RNL PROPERTY MANAGEMENT

Electricity Top-Up Instructions

Welcome to your new flat.

The electricity supply is operated on a prepayment meter, so you will need to add credit to the meter when required.

To top up your electricity, please follow these steps:

1. Go to the Topupmeters website: https://payments2.topupmeters.co.uk/
2. Enter the details requested on the website. You may need your meter details, which should be available as they are on the meter
3. Select the amount you wish to top up.
4. Complete the payment using your preferred payment method.
5. Once the payment has been processed, follow the instructions provided to transfer the credit to your electricity meter, if required.

Please make sure you keep an eye on the balance of the electricity meter and top up before the credit runs out.

If you have any problems making a payment or adding the credit to the meter, please let us know.

Kind regards,

RNL Property Management
